**Moose season closed in Unit 18 within and
south of the Goodnews River drainage by
Alaska Department of Fish and Game**

The Alaska Department of Fish and Game announces that all moose hunting is closed in the portion of Unit 18 within and south of the Goodnews River drainage during the 2005-2006 regulatory year. This action supports the strategy to promote the establishment of a moose population capable of providing a substantial harvest within the Goodnews River drainage that was agreed upon by representatives from the villages of Goodnews Bay and Platinum.

All nonresident moose hunting and moose hunting under federal regulations have been closed for several years.
